

Hantoro Adi - Antok

Hi..! I'm Hantoro Adi

Junior Mobile Programmer and Web Developer

I am a junior mobile programmer and web developer.

I am 26 years old and now I am studying in Universitas Widya Dharma Klaten. I am currently working in PT. Alliance One Indonesia.

I like coding and web developing. I can learn so many things by myself. With my good autodidact ability, I am sure I will be a good programmer.

Current Objective

I am seeking a competitive and challenging environment where I can serve your company and establish an enjoyable career for myself.

Curriculum Vitae

My Qualification and Skills

FORMAL EDUCATION

WORKING EXPERIENCE

Universitas Widya Dharma

2015 - *Present*

I realized that I need a formal education to improve my ability, so I went to college with a major in Information Technology.

Your Company

Soon...

I am seeking a competitive and challenging environment where I can serve your company and establish an enjoyable career for myself.

IT Freelancer

August 2015 - *Present*

I have to keep moving forward, not only in terms of income but also in terms of developing my capability and keep my time productive. Thus, I started a website developing service and Android application. I handle some commercial websites with Blogger based, Wordpress based, bootstrap, and also websites that are connected to SQL

PT. Alliance One Indonesia

May 2012 - *Present*

A good opportunity for me to be able to work in one of the big tobacco companies in Indonesia. I work as an IT Support, in charge for keeping the system under control, dealing with local issues such as network problems, troubleshooting of computer and data processing. Working for more than 5 years makes me good enough in handling my job.

CV. Mitra Computer

November 2011 - April 2012

When I did freelance job, the shop and service centre owner saw my capability and interested to hire me as a Computer and Printer Technician. I was in charge for fixing the printer and computer, both software and hardware. It was not difficult to adapt because I was used to it.

FORMAL EDUCATION

WORKING EXPERIENCE

IT Freelancer

June 2011 - November 2011

I did IT freelance job while I was waiting for the completion of graduation certificate printing after I graduated from vocational school. I did some IT services such as reinstalling windows, troubleshooting PC, maintaining 'warnet' or doing a temporarily employee while Computer Expo events were held in Yogyakarta.

CV. Master Computer

March 2010 - May 2010

On the Field Work Practice, I learned how to be discipline and responsible for a job. Although it was only three months, but it was quite enough for me to gain good experience in this Field Work Practice.

SMK Negeri 1 Klaten

2008 - 2011

With the score I had from Junior High School, it was not something difficult to get in at the most favorite Vocational High School in Klaten. My IT skill was quite prominent on that time. I was trusted to represent my school in various provincial level competitions. I was also active in Intra School Student Organization.

SMP Pangudi Luhur 1 Klaten

2005 - 2008

This was one more difficult step from elementary school, however I could get through this stage smoothly.

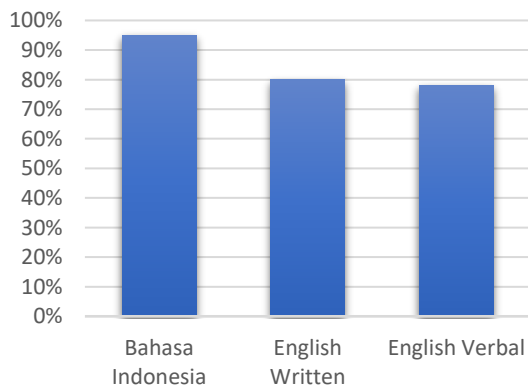

SD Kanisius Sidowayah 1 Klaten

1999 - 2005

Both of my parents are teachers, so I could learn optimally at this time.
